Fall Is in the Air and AI Is on Our Minds

Greetings Michael,

As the leaves begin to change and the air turns crisp, we are delighted to bring you our latest newsletter. Autumn is a season of transformation and change and we feel we have selected a couple of great reads.

In this edition, we explore some thought-provoking ideas for Fall and ways to get out enjoy the seasonal change.

Artificial Intelligence or AI seemed to have exploded over the past few months and there have been many questions around how this will change the way we do things. We have chosen a couple of articles that may help provide some insight into what this is all about.

So, grab your favorite warm beverage, cozy up, and immerse yourself in the vibrant colors of fall.

Thank you for your continued support of West Shore Bank. We look forward to sharing our fall adventures with you and hope you find this newsletter both informative and enjoyable.
